

# Legislative Report

By Grant Notley, MLA  
(Spirit River-Fairview)  
Leader, Alberta N.D.P.

## SESSION WRAP-UP

The spring session of the legislature, which ended May 19, was one of the lightest spring sessions in recent memory. With the exception of the budget and two or three bills, there was very little of substance introduced by the government.

## HERITAGE FUND

The major piece of legislation passed was the Heritage Savings Trust Fund Act, which sets up a \$1.5 billion fund, to which 30 percent of Alberta's resource revenue is to be added annually, for future investment. While I support the concept of such a fund, I would not support the bill because it places effective control of the fund in the hands of the cabinet instead of the legislature, where it belongs.

## HEALTH & SAFETY

Another important piece of legislation passed was the Occupational Health and Safety Act.

I supported this bill, even though it contains a few weaknesses, because it is basically good legislation which should improve safety in the workplace considerably.

Other bills of some importance were the Mines and Minerals Amendment Act, which is designed to prod drilling companies to explore and develop their leases, and a bill to increase Worker's Compensation payments.

## BUDGET RESTRAINT

Shortly before the session ended, the legislature gave final approval to a \$2.9 billion budget. The main theme of the budget was cutback and restraint, particularly in the broad area of social services.

Premier Lougheed and his cabinet colleagues have justified this spending restraint, which has led to cutbacks in hospital beds, school programs and social services, on the grounds that Alberta still spends more per capita on these services than any other provinces.

Unfortunately, that is simply not true. A Statistics Canada survey of budgets for the 10 provinces shows that Alberta ranks third in terms of per capita spending overall. In terms of services to people, the picture is particularly interesting.

While Alberta does rank

first in health spending, it is third among the provinces in education spending, it is sixth in the social welfare area, and eighth in spending for transportation. This is hardly an admirable record for a province with Alberta's resource base and growing revenue.

## N.D.P. BILLS

The session did not consist solely of government business, however. Opposition members also had a chance to introduce bills and motions, and to question ministers on various issues.

During the session, I introduced 10 Private Member's bills, none of which were permitted to pass by the government. The bills were designed to: prevent extra billing by doctors; repeal health care insurance premiums; forbid oil companies from owning service stations; provide equal educational opportunities for handicapped children; prevent the takeover of farm land by foreign interests; encourage public hearings by the Environmental Conservation Authority into major projects; make the Alberta

Energy Company accountable to the legislature; establish a Bill of Rights for tenants; force the government to make public most public information; and strengthen women's rights under The Individual Rights Protection Act. Copies of these bills are available from my office at 213, Legislative Building, Edmonton.

## N.D.P. RESOLUTIONS

In addition, I introduced and debated three major resolutions. The first urged the government to force Syncrude to substantially upgrade its pollution technology to reduce sulphur dioxide emissions from the plant. This resolution was voted down by the government.

My second resolution called on the government to take specific action to alleviate the high cost of housing, and the third motion urged the government to improve the revenue position of the financially hard-pressed municipalities. Both resolutions were talked out by the government.

The fall session will resume October 13.

## THIS WEEK

- MAY 26 - Samuel Peppy died 1703
- Sir Matt Busby born 1909
- MAY 27 - ASCENSION DAY
- Henry Kissinger born 1923
- MAY 28 - Duke of Windsor died 1972
- MAY 29 - Charles 11 born 1630
- G. K. Chesterton born 1874
- MAY 30 - SUNDAY AFTER ASCENSION
- Joan of Arc died 1431
- MAY 31 - Junland 1916
- JUNE 1 - Glorious First of June 1794

## ST. ALBERT BILLBOARD

WEDNESDAY, MAY 26 - Regular meeting of Sturgeon Toastmistress Club at Paul Kane High School - 8 p.m. Remember - gentlemen welcome also.

WEDNESDAY, MAY 26 - 8 p.m. The Indo-Canadian Society of Alberta will be presenting Song of Asia at the Sub Theatre, U of A. Tickets available at the door. \$2.00 per person.

THURSDAY, MAY 27 - Pedal Pushers' instruction meeting in the lunch room of Vincent J. Maloney School at 8 p.m.

THURSDAY, MAY 27 - 6:30 - 8:30 p.m. Registration for the summer program of classes presented by the St. Albert Gymnastics Club. Grandin Clubhouse. See May 19 Gazette, and recreational column of this paper for details.

FRIDAY, MAY 28 - 8 p.m. at Lorne Akins Junior High School Gymnasium. The spring band concert. Tickets available at the door. Special guest band Harry Balfour Junior High School band from Grande Prairie.

SATURDAY, MAY 29 - Teen Car Wash at Roger's Esso from 10 a.m. to 4 p.m.

MAY 27, 28 & 29 - Alberta Hospital, Edmonton (Oliver) is holding a Woodwork and Craft Sale consisting of woodwork items, including a large selection of sturdy kindergarten furniture, assorted crafts and a white elephant table. The sale will be held Thursday, Friday (open 12 to 9 p.m.) and Saturday (open 10 to 4 p.m.) at the Hospital - located north of the city on the Old Fort Road. All sales on a cash only basis.

SATURDAY, JUNE 5 - The 5th annual Lions Bike-a-thon will be held starting at 8 a.m., Lions Park.

SUNDAY, JUNE 6 - The St. Albert School of Dancing presents "Pinocchio Plus" at the Jubilee Auditorium - 3 p.m. Adults \$3.00.

SUNDAY, JUNE 6 - Spring Tea by the Ladies Auxiliary to the Royal Canadian Legion, Legion Hall - 1 p.m.

Bob Schultz, proprietor of Orion Bobcat Service, has been doing some essential work at the Rodeo grounds just east of town. Bob has assisted in the rodeo preparations by excavating the area for the bucking shoots, straightening for the bleachers, and erecting half a mile of frost fence.

## Budget

Cont'd from Page 1

The total schools, recreation and hospitals requisition from the MD this year is \$1,234,064 up from last year's figure of \$963,561. Main reason for this increase is the bigger Sturgeon School budget.

Transportation (road) costs are also up in the MD this year: the cost of running this year's program is \$1,947,589 and last year this figure was \$1,690,469.

And the cost of MD utilities is up this year slightly. Last year the figure was \$12,000 and this year there is an increase to \$17,507.

Getting into the finer details of the school budgets, such as the supplementary requisition, for Sturgeon the requisition is up by six mills or 25.53 percent to 29.50 mills, compared with last year's figure of 23.50 mills.

For 1976 the Thibault Board shows a decrease of six mills. This year's rate is set at 19 mills compared with 25 last year. Reason for the decrease is because the board ran up an accumulated surplus, according to an MD of Sturgeon official.

The Legal School shows a

5.25 increase in the supplementary requisition up to 21.75 mills from the 16.50 mill rate of last year.

The MD has levied one mill for other services like planning, a home for the aged; the Norwood Auxiliary

Hospital, and Manawan Drainage.

This year the Regional Recreation Council had a 3.20 mill rate struck compared with three mills for 1975.

## Bypass

Cont'd from Page 1

\$800,000 this summer paving an eight miles stretch of Highway 794 from Westlock south to Picardville and is about to tender for the remainder of the road to Villeneuve.

Mr. Cronkhitte says Highway 794 is being given high priority, despite current restraints on road spending, because of the expected increase of traffic northwest of the city.

A satellite airport is being built this year at Villeneuve

to relieve the pressure on the Municipal Airport. It is also the location of several gravel deposits and will generate heavy industrial traffic in the future, Mr. Cronkhitte said.

Meanwhile, Mr. Plain and Mr. Cronkhitte predict major residential developments in hamlets and on acreages along Highway 794.

"It probably wouldn't be a bad idea for someone to pick up land in Villeneuve or Busby," said Mr. Plain.

## New stamp issued

The U.S. Postal Service and the Canada Post Office announced they will jointly issue commemorative postage stamps with nearly identical designs in observance of the Bicentennial of the United States.

The stamps, each featuring a likeness of Benjamin Franklin, will be issued June 1st in Philadelphia at INTEMPHIL '76, the Seventh U.S. International Philatelic

Exhibition. Franklin has the distinction of being the first Postmaster General of Canada and the United States.

The stamps differ in language, denomination, and slightly in size. The designs feature the same portrait of Franklin against an adaptation of an early North American map. The U.S. denomination is 13 cents and the Canadian is 10 cents.

# District No. 3 receives limited feedback on basic education

On Monday night the St. Albert School District No. 3 met at Vincent J. Maloney School. Present were Trustees Sieben, Freeman, Howrish, Lockert and Smith, Superintendent Dr. Zielinski, Deputy Superintendent Mr. Soetaert and Secretary-Treasurer Mr. Baldwin.

Mr. Sieben reported that Mr. John Bakker had approached him about making an arrangement to use the Board's school buses during the peak periods of 7 to 8 a.m. and 4 to 5 p.m., for the transportation of local residents within the town boundaries. Since there was no conflict with the Board's busing schedule it was decided that the town should be notified that the Board was willing to make some arrangement.

Mr. Soetaert moved that the Language Arts Co-ordinators be kept in service at Vital Grandin and Alberne Lacombe Schools. Two other schools, Bertha Kennedy and Father Jan had already discontinued this position for the 1976-77 school year. Board members had received information concerning the evaluation of the program from both principals and co-ordinators. Mr. Freeman pointed out that the information that the Board members had received indicated that the principals involved in the program seemed less enthusiastic than the co-ordinators themselves. He amended Mr. Soetaert's original motion by adding that this discrepancy between the evaluations of principals and teachers be watched closely, with the hope that it would clear up in the future.

Dr. Zielinski reported that consideration was being given to the possibility of hiring a religious instruction co-ordinator who would work with the teachers and help them plan comprehensive religious instruction programs. This co-ordinator could be on a full-time or part-time basis. He also stated that the Administration Council felt that the timing of this proposal was poor in light of the present policy of cutting back staff and reducing expenditures. The Board members felt that the home room teacher should be teaching Christian education to his/her students and only at the senior high levels was there a need for a specialist in this area. The specialist would work with the teachers, helping them plan and organize their lessons. There was no opposition to the idea from the elementary per-

sonnel except that of poor timing. The Board decided to approach the Parish team and discuss the possibilities of employing someone on a half-time basis and defining exactly what such a person's duties would include.

## PUBLIC EXPRESS VIEWS ON BASIC EDUCATION

At 8 p.m. the meeting was opened to the public for discussion on the topic of 'Basic Education.' Only three concerned residents were at the meeting to express their views on this topic. The first of these said that he would like to see a return to constructive English rather than the multiple choice program which he felt was now pervading the school system. Constructive English, the gentleman explained, was the proper formulation of sentences, paragraphs and compositions.

The second speaker from the audience was a teacher in the Edmonton Catholic school system. This person suggested that the Board send an outline to the community stating its objectives, and what its plans for the school year were. This would provide a basis for comparison and evaluation of the program. He also felt that the fourth R - religion should be stressed, and a program of ongoing staff development should be promoted. This did not necessitate the hiring of a religious co-ordinator, the speaker pointed out, but it might assist the teachers in developing sound programs of instruction. He also felt that family life education should be taught from kindergarten to grade 12, not just the biological aspects, but also the relationships within a family and peer group, the roles within these groups and the role development of males and females.

The third and last speaker from the audience felt that

the present movement away from the three R's allowed more students to complete grade 12. Under the old system only the academic students did well, the others were left behind and eventually lost interest in school. "A return to the old three R's would mean a drop of about 40% of the students graduating from grade 12. The three R's we have today are high enough." The speaker pointed out that he felt the purpose of education was to make people rational, to help them think for themselves. If the education system was aimed at the students who were capable of coping with the old three R's standards, many students would be left to fend for themselves.

The next item on the agenda was concerned with bilingual education. Mr. Soetaert explained that a new busing schedule had been arranged. This schedule had been set up after discussing the alternatives with the parents of Picard school students. Mr. Freeman suggested that before the Board approve the proposed schedule the parents of Grandin School also be contacted as was previously indicated to them.

Dr. Zielinski reported that three bicycle safety kits had been ordered from the Edmonton School Board, but due to the large list of back-orders it might be some time before the kits arrive.

Dr. Zielinski reported that the Christian Education Committee felt that there should be activities within the school to develop Christian feeling. There should also be a commitment from the teachers and a program designed to develop this

feeling among the staff should be encouraged.

## BOARD LIMITS EXPENDITURES

The superintendent commented on the future development of the school district according to a population projection. The development of the town to date has not indicated the need of an assistant superintendent as was previously anticipated, nor will specialists and co-ordinators will not be hired to any great extent in the near future. At present the Edmonton Board of Education and the University of Alberta provide

adequate assistance to the Board and therefore extra specialized staff is not required.

At this point Mr. Ron Crosby, chairman of the Parish Kindergarten spoke to the Board members. He said that all the students who applied for entrance into the kindergarten were not accepted due to limited space and funds. The Association would have to work at a deficit if all students were accommodated. There is at present however, enough room to accept 25 additional students and at the upcoming budget meeting they would look into the revision of the budget in order to

accept all students who applied.

The Board wanted to know who would accept the responsibility for a deficit if one occurred and Mr. Crosby answered that in a deficit situation a fee would be assessed on the parents.

District #6 had previously approached the District #3 Board concerning their space requirements for the 1976-77 school year. District #3 will have extra space but of an undetermined amount at this time. It was moved that any extra space be made available to District #6 for the next year. The meeting adjourned at 11 p.m.

John Grave (left) and Demeta Lemieux were two of the 120 donors who took time to go to the Red Cross Blood Donor Clinic held last Tuesday night at the St. Albert Community Hall. Halvard Nowen (centre) kept a close watch on the progress of the donors. This year's clinic brought in 50 pints of blood less than last year despite an increase in the population of the town.

# What Caught Our Eye

By Gazette Staff Writers

From Canadian Rodeo News, May 15, 1976.

## Post .... WANNA RIDE A BRONC

You say you have always wanted to ride a bronc at the Calgary Stampede, but they wouldn't let you because you weren't a professional rodeo cowboy? Well, this is your year.

A new program at the '76 Stampede will enable anyone to ride a bronc. (Mind you it won't be in competition in the infield, but it will be on a real live bronc.)

The bucking chutes will be set up near the grandstand, by the river. All the aspiring rider has to do is pay \$10, receive a ticket, sign a release and join the line-up.

An instructor will fit the "cowboy" with a glove, fit a bareback rigging on the horse (all Stampede stock), explain the finer points of bareback riding and then pull the chute gate. And while he's making the ride of his life a photographer will capture his form.

Following the excitement, each participant will be presented with a document certifying that he has "ridden a bronc at the Calgary Stampede."

The next question is: What happens if the marks are higher outside the infield than inside? We won't worry about that until it happens.

Congratulations to the Calgary Stampede on an extremely innovative idea to promote the sport of rodeo.

## SLEEPING TORPEDO WAKES TO DESTROY [Reuter]

The United States has developed a weapon so secret that senior military officers at NATO headquarters turn pale when you mention its name - Captor.

They will neither confirm nor deny the existence of the weapon, but Western diplomatic sources say it is in production in the U.S.

Captor, one of the most complex and lethal weapons ever devised, is a sleeping torpedo that lies on the bottom of the sea. When it hears an enemy submarine, it wakes, swims out of its mine like case and homes silently on the unsuspecting victim. There is no escape from the torpedo, which is capable of carrying a nuclear warhead. If it misses on its first attack, it will turn and attach again and again until it destroys its target.

Captor recognizes an enemy submarine by its engine sound. It is programmed to continue sleeping when a friendly vessel passes.

Captor can be dropped into the sea by submarine, ship and plane.

The B-52 bomber is believed able to drop Captor from high altitudes.

The weapon is designed to block straits or seas and to stop enemy submarines from leaving port in a war.

But Captor's main aim would be to stop the big Soviet northern submarine fleet from passing from the Norwegian Sea into the Atlantic, where it could attack allied shipping sources said.

NATO's strategy calls for the western alliance to stop the 175 submarines - 90 of them nuclear powered - of the Soviet northern fleet north of a line stretching from Greenland to Iceland and Britain.

## From the Financial Post

### "HEFNER'S EMPIRE LOSES ITS BOUNCE."

The annual report of Playboy Enterprises Inc. features three barely covered figures. Two of them are women and the third is the dividend. It was once again Playboy magazine that provided the waterworks for the whole organization, producing pre-tax earnings of U.S. \$6.5 million to counteract the losses of U.S. \$6.4 million from the rest of the group. "In many ways," says Hefner, "the past year has been one of the most challenging in our company's 21 years of history. Our corporation is in a period of transition from a medium sized specialized company it once was to a diversified international corporation." That has been just the problem.

The group's hotels have been a disaster, its motion picture, TV and music side has never made profits and its attempts to challenge the harder core rivals with "Oui" magazine has produced the most spectacular profits drop of all.

## Lack of counselling in St. Albert

When I received a copy of the proposal of Ambulance Service in St. Albert I was rather upset. During this past year a committee of medical doctors and concerned citizens have been working to provide counselling service in St. Albert.

We knew that the social workers in the two medical clinics would be finished at the end of March, 1976 unless some provincial or local funding could be made available.

None came so St. Albert is again without a local counselling service. Numerous meetings were held and proposals were put forth all to no avail. The 31st of March came and we were without counselling.

The last proposal was presented to the Town near the middle of March, 1976 which suggested that a budget of around \$60,000 be approved to hire three qualified counsellors for the town. (The two workers at

the clinics were working at more than full capacity and since St. Albert is growing it was felt that three workers would be minimal).

A committee to administer the budget was formed and the Social Services Department of the Town and the Social Services Board were supportive of the request. Nothing appeared to come for all the work put in to provide this essential service.

According to the data supplied by the social workers in the two clinics, who worked in St. Albert for three years, over 80% of their referrals were for family

difficulties. Because families in suburban areas, such as St. Albert, have many stresses, good counselling is most essential.

The thing that upset me was that the Town is seriously contemplating an additional expenditure of \$223,000 (about 3 1/2 times the counselling service). This is for a service that involves the hiring of nine people when another less expensive service of great importance is not being considered seriously.

W. D. Thomas,  
Grandin Park.

## Looking Through The Files

THREE YEARS AGO  
[MAY 23rd ISSUE]

Families of the Roman Catholic School District #3 have received a questionnaire on the subject of expanding the teaching of French in district schools. The survey will assist the board in determining whether this is advisable and to what extent.

The action follows a brief by a parents committee proposing a French Immersion course for Grade One to Six to begin in September of this year. In October last year a group of parents decided to investigate the possibilities of obtaining a French bilingual program for grades one to six in the Public School District #3 in St. Albert.

Their first step was to post a petition in the Roman Catholic Church, which was designed by 200 people, expressing interest in such a program.

The committee then surveyed the kindergartens in St. Albert and in an interview last week Mrs. Marguerite Broten and Mrs. Jacqueline Morrisette said that 60 parents expressed interest in having their children begin a bilingual program in 1973 and 50 who were interested for the fall of 1974, mostly from District #3.

Parish Kindergarten teachers said they have had enquiries about a bilingual kindergarten, but felt it would be impractical unless the children could follow it up in grade one.

Have you ever wondered how these fly fishermen can cast that little fly with the precision of a marksman? Well the St. Albert Fish and Game Association welcome you to attend their fly fishing clinic being held on May 29 and 30 for all those interested.

After the instruction there is no guarantee you will go home as an expert, but it is hoped that these classes may start you off on the right foot if you are a beginner, or if you have already taken up the sport, it may help to iron out any little difficulties you have encountered. The St. Albert Fish and Game hope to see a good turnout as the rumours are out that the fish are biting.

Exercise "Wright Way" was held at Camp Wright 87 miles north of St. Albert on the weekend May 11-13.

Ninety members of 533 Squadron together with 30 members of the elements of the Edmonton Militia District travelled in convoy from St. Albert and were settled into tent accommodation before dark.

Main purpose of the exercise was to construct for their cadet survival training camp an open cook house 40 feet by 16 feet.

The majority of this work was completed in a 24 hour period.

Mr. Art Skinner, camp director says he has completed the shingling of the roof and the barbecue stove has been erected. In addition to the work on the cookhouse the cadets undertook to complete the roofing of one of the cabins, constructed cement sidewalks and did a major facelift of the campfire line.

The newly revised Western Bus Lines schedule which went into effect May 22 has all the earmarks of a satisfactory bus service for the residents of St. Albert. According to Mr. Glen Grinstead, manager of Western, more buses have been put into service which will result in buses arriving in Edmonton 15 minutes prior to normal working hours and depart 15 minutes after the end of a normal working day.

## OTTAWA and Small Business

## A chauvinist tax

By KENNETH McDONALD

The tax system is accused of many things. Male chauvinism is not one of them but it might as well be. It's cheaper for a pro-prior to live with a woman than to marry her. If they marry, his business income is all taxable. If not, he can deduct her salary. If they decide to marry after all, they'll need to incorporate so that she can be employed by the business.

Children are a blessing. But when it comes to family allowances (\$22.08 per child) some people are blessed more than others. For the man with no taxable income, \$22.08 per month is the total benefit. But the man in the 60 per cent tax bracket can use exemptions - \$352 for each child under 16, \$646 for each one over. He must pay tax on the \$22.08, but exemptions reduce his total tax. Result: each child under 16 is worth \$26.43 per month and each child over 16, \$41.13 per month.

Union dues are deductible. Strike pay is not taxed. If executives formed a union and paid dues of \$1,000 per month they could strike in the 11th month of the contract, draw strike pay at \$1,000 a day and settle after 12 days. Result: \$12,000 tax-free income.

Assessments made on employers to fund the

workmen's compensation boards are deductible. So are unemployment insurance premiums. But UIC benefits are taxable whereas WCB compensation is not.

People who own stocks and bonds can borrow money to buy more, using them as security. Interest on the borrowed money is deductible. But the mortgage payments which make it so hard for young people to buy houses are not deductible.

Tax complexity is bad enough for individuals. For the small businessman it's a nightmare and a real deterrent to expansion. In March, 1976, the Canadian Federation of Independent Business submitted a brief on the subject to Bud Cullen, the Minister of National Revenue.

From that brief: "The entire Income Tax Act should be rewritten so that it is comprehensible to the taxpayer. From the viewpoint of small business, the administration of the tax laws has become as critical as the laws themselves. It is a double cost to the taxpayer who must indirectly pay for bureaucratic administration and then must pay again for advisers to deal with the problems directly affecting him."

The Canadian Federation of Independent Business ©

## COME GARDENING

with  
**Doc Hartnoll**

## ROSES ARE JUNE'S GARDENING EFFORT

Last fall I wrote about the four All-America Rose Selections. The one catching my eye is the floribunda Cathedral. The long pointed buds open to large 15 to 18 petalled, slightly ruffled flowers of rich golden apricot. They gain a deep salmon tint as they mature. I feel the fully opened bloom displaying bright golden stamens add greatly to its beauty. We fed heavily with Vigoro Rose Food and the continuous all summer bloom production was most rewarding. Roses are borne in small clusters of from five to nine florets, ideal for cutting and arranging.

America has large, bright salmon pink spiced fragrant blooms. One thing we like about this climber is its bloom production. It has flowers most of the summer.

The remainder, Seashell and Yankee Doodle, I wrote about in great length last fall. Both produce well.

**ROSE CARE:** All roses need attention to keep them free of insects and disease. They must be well fed and watered. I prefer to mulch my rose beds, and I've found that if using cocoa-bean hulls at a thickness of three inches, black-spot is controlled. However, we have used the new Benlate Systemic Fungicide and find it effective.

**SPRING FLOWERING BULBS:** They've given you the beauty of their bloom but now you have the foliage to contend with. Don't cut the foliage to the ground. Let it grow to produce or transplant in that area. Young plants can be planted between the bulbs and will grow much better with the protection of the leaves. As the bulb foliage dies down, your transplants will take over the area. Many readers have asked if they should dig up their spring flowering bulbs. I don't advocate this practice. In Canada we do not have ideal storage areas as in Holland. It does the bulb more harm than good being lifted each year. We've had bulbs in the ground for 15 years undisturbed, and they flourish well. We like to add a handful of Vigoro Bone Meal early in the fall. This supplements the food it has made up on its own and gives them an extra lift for the bloom production the following year. Some who have dug up bulbs and stored them during summer say the bulbs produced some foliage the following year, but no flower. If the storage area became hot, the flower buds in the bulbs were cooked.

**LAWNS:** If your lawn browns out, spray the area with Sevin. This material is non-poisonous to humans, pets, birds and all non-insect life, yet it controls Cinch bugs, which are small red and black and hide in the foliage of grasses. They get nourishment by sucking plant juices above ground, thus leaving the grass dead in irregular patches. Other insects can cause the same conditions, such as the June Bug. The larvae known as the white grub consume the tender feeding roots of grasses. At the Vigoro Research Laboratories a combined Lawn Insect Control has been incorporated with Golden Vigoro and even if you don't have either of these "pegs" in your lawn, it is a good plan to apply it.

**MOWING LAWNS:** Check your mowing height. Children's play areas should be allowed to grow and be maintained at two inches or even more. The front lawn should be maintained at one and a half inches; deluxe lawns, about one inch.

**LIMA BEANS:** The most popular bush Lima bean grown today is the famous Fordhook Lima Bean. They don't require a great deal of space to grow and produce an abundance of beans on short, bushy plants which require no staking.

Bush Lima beans are a worthwhile crop for the home gardener, since the beans are extra large, meaty and the kind to eat as "butter beans". Limas should be planted well after danger of frost, in a fertile soil preferably during a warm dry spell or the bean will rot. They require a longer growing season than regular green beans - about 75 days to harvest.

Planting should be in full sun with no shade in any part of the day. To get a good stand, the seeds can be sown close together - three inches apart - but thinned to nine inches apart, with two feet between rows.

During dry spells they should be watered heavily and some form of mulch such as straw or grass clippings is helpful. The pleasure in growing - is growing - to eat what you'd like - when you'd like, and that neighbours, is the enjoyment of gardening.

If you have any questions send them along with a stamped self-addressed envelope to me at the Garden Information Center, 165 University Avenue, Toronto, Ontario, M5H 3B8.

## Local couple united at St. Barbara's

The double-ring wedding service uniting Lori Jean Mitchell and Gary Roger Muzichuk, both of St. Albert, was performed Saturday, May 1st by Father John MarGitch at St. Barbara's Russian Orthodox Church in Edmonton. Lori is the eldest daughter of Larry and Lorraine Mitchell, of Salina Drive, and Gary is the third son of Nick and Kay Muzichuk of Gladstone Crescent.

Father John was assisted in the service by choir chanters, including the groom's great uncle, Peter Muzichuk, and by Jack Bendera, a friend of the groom, who read from the Scriptures. The traditional service, conducted as it has been done through the centuries included crowning the bride and groom, queen and king for the afternoon.

The couple held lighted beeswax candles which were later given to them by Father John, and hundreds of glowing candles lighted the front of the church. Gary and Lori also had the honour of having the first ceremony to take place on the newly laid red carpet at St. Barbara's Church.

Entering the church on the arm of her father, the bride was a picture of loveliness in her long empire gown of white nylon sheer over matte taffeta, which featured a full billowing skirt with wide flounce extending to a very full cathedral train, which fell from the back of the waistline. The dainty bodice was accented by appliqued lace flowers which were repeated on the deep cuffs of the long puff sleeves. The upper bodice, also sheer, featured a mandarin collar.

The bride's waist length veil and seed pearl headpiece was applied with the same dainty flowers as her gown, co-ordinating the outfit. Lori's red roses and lily of the valley bouquet really complimented the whole ensemble.

Cathy Briggs, of Edmonton, was maid of honour for her cousin. Karen Lister of St. Albert was bridesmaid, and junior bridesmaid was Brenda Mitchell, sister of the bride. Little Jody Kuhn, a cousin of the bride from Edmonton, was flower girl. The attendants were charming in their long frocks of pale yellow silk polyester and matching floppy hats. They carried nosegays of white and yellow mums and carnations.

The groom was attended by his oldest brother, Ross

MR. & MRS. GARY MUZICHUK

Photo by Vic Post

Muzichuk, as best man, and groomsmen were Doug Sotoka, a cousin from Boyle, and Rod Gouchey of St. Albert. Ushering the guests were Mike Mitchell and Bruce Muzichuk. Gary wore a beige tuxedo and his attendants wore dark brown tuxedos, with frilled shirts and velvet bow ties.

Following the ceremony a reception and dinner were held at St. Albert Community Hall for about 280 guests. To receive her guests the bride's mother wore a long gown of mist green polyester knit, accented by angel sleeves and a corsage of yellow roses. Mrs. Muzichuk chose a deep pink gown of polyester knit featuring a chiffon bodice, with a rose and carnation corsage.

Master of ceremonies for the banquet program was Mr. Ernie Jamison, a long-time friend of the Mitchells. He called on Bruce Muzichuk to introduce the head table, and special guests, including Lori's grandmother Mitchell from Edmonton and Gary's grandmother and grandfather Yaremich of Athabasca and grandmother and grand-

father Muzichuk from Boyle. Miss Donna Mitchell, sister of the bride was also introduced, and Mr. and Mrs. Nick Stamiroff of Toronto who hadn't seen his brother, Mr. Peter Muzichuk, father of Mr. Nick Muzichuk, for 24 years.

Louis Binassi, an uncle, proposed the toast to the bride, with some humorous anecdotes about 'Little Lori' and also some warm praise for the young woman she had become. Gary replied briefly, with sincerity. Ross Muzichuk toasted the bridesmaids, and the bride's father, Larry Mitchell had a few stories to tell about Gary's hockey career before welcoming him into the family. Gary's father, Nick Muzichuk, extended a warm

welcome to Lori into their family. The program concluded with a benediction by Father John.

The bride and groom led off the wedding waltz to the music of the Shayka band from Bonnyville, and during the dance which followed the presentation was held.

Wedding guests were entertained the following day at a gift opening and smorgasbord held at the Muzichuk's home, where a number of friends of the groom entertained with musical instruments and singing. The festivities carried on into the evening.

Out of town guests were from Vancouver, Boyle, Myrnam, Fort MacMurray, Toronto, Athabasca, Bonnyville and Whitecourt.

## C.B. radio operators enjoy hobby, assist travellers

"HOW ABOUT THAT VAGABOND? ARE YOU OUT THERE?" "10-2, 10-5 ROGER" "10-82 ROSEBUD"

Does all this sound like a joke? Well, it may sound a little funny but in actuality it's a message sent in the language of C.B. radio operators. There are about 75 C.B. radio operators in St. Albert, a dramatic increase over the past few years. Jack Garrett and Leon Van Kesteren are among this ever expanding group and they were kind enough to explain the functions of such radios and the fun that their operators derive from them.

To begin with radio operators don't use their real

names when communicating with each other, they use a nickname which they call their "handle."

Citizens Band radios have 23 different channels on the AM band on which the operators can communicate. These radios can also be obtained with a side band, which splits the original 23 channels and provides 46 channels. When transmitting on the A.M. band a numerical code is used and when the side band is being used an alphabetical code is used.

When the weather is just right it is not unusual to hear communications from far away places such as Wyoming, Winnipeg, North Dak-

ota, and West Virginia. While the gentlemen were explaining how this occurred, voices from Florida and Wyoming came over the radio as clear as if the people were sitting in the same room! This, Mr. Van Kesteren explained, is called Skip. Unfortunately it is against the law to answer or send transmissions for distances exceeding 30 miles. It's alright if someone farther away hears you talking with another radio operator, but he is forbidden to join in the conversation. Radio operators must purchase a 'Ham Operators' license to send long distance messages or take the chance of being detected by the authorities and having a fine of up to \$2,000 levied as well as having your equipment confiscated.

C.B. radio operators actually provide a valuable service to travellers in distress, lost truck drivers, stranded sportsmen, and have even been able to help people many hundreds of miles away.

Mobile units, which are installed in vehicles, have proved invaluable to many people. Motorists stranded on seldom used roads can easily get help by sending a radio message calling for assistance. Fishermen, hunters and other sportsmen sometimes get into areas and are unable to get out (rain or snowstorms block roads). Usually they can get in contact with a helpful farmer or other motorist and help is sent. Truck drivers have radio units in their vehicles and often find them useful when they arrive in an unfamiliar town or city and either can't find an address or are unable to find their way through town via the truck routes. Mr. Garrett

even described a situation where a Canadian radio operator received a signal for help from an area in the U.S.A. By contacting the local RCMP detachment he was able to help rescue the victims.

Becoming a C.B. radio operator isn't very difficult or expensive. A regular A.M. radio (no side bands) costs about \$150., the antenna is about another \$50 and you're on your way. If you find that this outfit isn't good enough to meet your needs you can spend up to \$2,000 for a radio, \$500 - \$600 for an antenna, \$400 for a tower and \$60 - \$70 for a rotor. For only \$3,000 you can be the proud owner of a truly first class communications outfit. A mobile unit runs about \$200 and an average base unit is about \$800. A three year radio operator's license is a mere \$13.00.

The St. Albert radio operators have formed a group called the Pathfinders. This group would like to see St. Albert put up signs at either end of town indicating to motorists the C.B.'s in the area monitor Channel 10. In this way passing travellers can call for help or just say 'Hi.'

There's only one minor drawback according to Mr. Van Kesteren. Unlike a telephone where you can interrupt the person who are speaking to, radio operators must wait their turn. Only

one person can transmit at a time. "You have to be sure of what you're going to say, before you say it."

"We're passing along the good numbers. 73 - We're clear."

Leon Van Kesteren of 11 Sylvan Drive receives a message over his C.B. radio unit.

## Youville Auxiliary re-elects executive

At a recent election meeting of the Youville Auxiliary, no change was made, all members of the present executive having been re-elected by acclamation for the coming year. They are as follows: President - Kathleen Odleifson; Secretary - Kay Krupa; Treasurer - Marie Wolniwicz; Correspondent - Agnes MacMillan.

To wind up the present year's activities by the Auxiliary, a picnic has been scheduled for August 4 at the Grey Nuns' Chalet at Lac Ste. Anne. This is an outing that the residents of the Home look forward to so eagerly every summer.

Although the Auxiliary members are free of their second Tuesday monthly meetings in July and August, this does not mean that they remain idle all summer. They keep themselves busy knit-

ting, sewing, weaving etc., in preparation for their autumn tea and bazaar which will be held on October 31, 2 - 5 p.m., which seems a long time away now, but will creep upon us quickly enough! Raffle tickets on a beautiful hand-crocheted bedspread, made by Sr. Bonin will go on sale in mid-June.

There is one point that could be made here: the Youville Auxiliary is a non-denominational organization and is always delighted to welcome new members - ladies who would be willing to give of themselves that they might bring cheer and happiness to the residents of the Home. Your help would be so greatly appreciated and it is our earnest hope that our invitation will be accepted. We'll gladly make room for you!

Anyone wishing to knit for us - we'll supply the wool. Phone Sister Blandine at 459-7791.

Oh yes, and should you be fall housecleaning, and find items that we could sell at our bazaar, would you please pass them on to us. These could include toys, comic books, jigsaw puzzles, paper backs, records, ornaments etc., and could be dropped off at the Youville Home. Sister Blandine would be most happy to receive your offerings.

We are making another plea for Nabob and Blue Ribbon coupons. They are redeemed for prizes which are given out at the dances, bingos and other 'do's' held for the Youville residents during the year.

For whatever you do in the future to help the Auxiliary, our sincerest appreciation.

# Helping to recover St. Albert's past

The St. Albert Historical Society seems to be having a good time digging around for facts about the past history of St. Albert.

Some interesting stories about St. Albert and its history have been recently uncovered by Society researchers, a monthly newsletter says.

A complete interview has been done by the Society with Mrs. Clara Terrault and others who have been done others who have been done contacted include Robert Belle-rose, Mrs. Lorne Atkins, Eugene Perron, Mrs. Vain Tighem and Elizabeth Deane. Some of these people the newsletter says have also been able to give interesting photos of St. Albert's past thus enabling a good picture to emerge of St. Albert's past.

The files of the Department of Public Works for the North West Territories - as Alberta then was - have provided the story of St. Albert's incorporation as a village (1898 - 1903). Included were maps of the proposed boundaries, a petition signed by town residents opposing incorporation and the first three financial reports of the new village. The Municipal Inspector's reports have given a fair indication of the finances of St. Albert through the 1930s and 40s.

The Historical Society is now reading the minutes of a town council meeting October 1904 and information on the incorporation of the town during that period is also being tracked down.

Old newspapers, the St. Albert Star (1912-1914) and Le Courrier d'Ouest are being read as items of interest and the Society has also been offered a copy of the St. Albert News (1912).

Two directories for the years 1895 and 1899 have also been looked through and these gave a complete list of all the farmers and residents

or the area at the time.

The newsletter says the Grey Nuns Archives have given a yearly account of some of the major events in town history, though many of these are concerned with the convent itself.

## Gisela Shelley wins Toastmistress speech contest

On Wednesday, May 12 the Toastmistress Club held a 'mini speech' night in which four members of the club gave speeches of between five and eight minutes in length. Mrs. Gisela Shelley was proclaimed the winner of the contest with her speech on "Rewards."

Each of the four contestants were given three words as possible topics for their speech. Mrs. Shelley's three words were "Romance," "Rewards," and "Vacation." The entrants in the contest were given two weeks in which to prepare their speeches for presentation before a panel of three judges.

The judges gave points and a written evaluation in each of three areas - organization of material, delivery and overall effectiveness. One of the judges rated Gisela's delivery as "a good dramatic introduction" and another commented that the overall effect was one of "envious calm which convinces people."

Mrs. Shelley has been a member of the Toastmistress Club since last October. She had attended a few meetings as a guest "to get the feel of the thing" before joining. She now is an active member, sometimes speaking three or four times during the evening.

The Club meets every second and fourth Wednesday of the month at Paul Kane High School. The objective of the organization is to assist people in learning

### LANDING TRAIL TOUR

May 29, this coming Saturday, the Amisk Waskagan Chapter of the Historical Society of Alberta is sponsoring a bus tour over the surviving portion of the

historic Athabasca Landing Trail.

The tour will commence at the Provincial Museum and Archives parking lot at 9 a.m. It will then go up through Horse Hill towards Gibbons across to Waugh,

Redwater River and on to Athabasca.

After the first steamboat reached Fort Edmonton in 1875, a freighting route was established overland to Athabasca Landing. The advent of the railway to Calgary in 1883 and to Strathcona in 1891 brought an increased use of the landing trail. This trail and the Athabasca Landing were the route and departure point for all northern traffic between 1887 and 1912. That year the Canadian Northern Railway

reached the Landing and the trail fell into disuse. Much of the trail south of the Redwater River is now obliterated by farm land but the northern portion remains in use as a district road.

Remains of the old stopping houses still remind travellers of the romantic and historic route into Canada's Northland.

If you are interested in taking the trip call Mr. E. F. Hunter at 488-4059. Tickets are \$7 each.

GISELA SHELLEY

were unable to attend this year. Hopefully, more enthusiastic people will join before next year's conference and the group will be able to make it.

Being able to communicate effectively is an invaluable asset in many ways - in business, sales, social and family relationships. People who feel that they would like to find out more about improving this skill should drop into Paul Kane next Wednesday and listen to the program that the Sturgeon Toastmistress Club will present.

## Wheelchairs and crutches available

The St. Albert Women's Institute have hospital equipment which is on loan free of charge to people of St. Albert and district. Call St. Albert Fire Hall at 459-7021 for hospital bed and wheelchairs. Call Mrs. J. Cunningham at 458-0982 for crutches, canes and bed pans.

## Lion's diamond dinner attracts good crowd

On Wednesday night, May 5th Mrs. D. McQuitty from Grande Prairie became the proud owner of a beautiful \$1,500 diamond ring. Mrs. McQuitty was the first prize winner at the St. Albert Lions Club First Annual "Diamond Dinner."

A festive evening was enjoyed by about 175 ladies at the Club Mocombo, where a delicious dinner of Cornish Game Hens with all the trimmings was served by Lions members. Entertainment was provided by The Sound Merchants. CICA announcer Jim Elliot and Roy Cote from CFRN were on hand to keep things rolling. Master of ceremonies was CICA's Bob Arnold.

Second prize was a diamond watch valued at

\$350.00, won by Pat Bechal of Westlock and third prize, a \$200 diamond dinner ring, was won by Mrs. M. Downs of St. Albert. The prizes were awarded in an elimination draw in which all of the 175 tickets were drawn. The holders of the last three tickets received corsages donated by CFRN. There were 30 other prizes donated

by St. Albert businesses.

The St. Albert Lions Club made approximately \$1,000 that evening, which was donated to the Alberta Lions Project: Eye Foundation. This project is dedicated to the assistance of sight problems, eye transplants and the development of an eye bank at the University of Alberta.

Singer Bob Jones of the Sound Merchants presents Mrs. D. McQuitty with a beautiful diamond ring which she won on May 5th at the St. Albert Lions Club Diamond Dinner.

## Annual bike-a-thon goes June 5th

The 1976 Bike-a-thon will get underway Saturday, June

5th this year, with the usual group of St. Albert businessmen and of course with a large number of school children participating.

All school children can obtain their pledge cards through the various schools they attend. There will be a trophy presented to the child who realizes the most in pledges for his or her individual school. The person who brings in the most overall, will win a five-speed bicycle. Everyone who completes the bike-a-thon circuit will receive a scroll for their contribution.

You don't have to pledge very much, remember that every penny adds up over the 25 mile course.

# Chamber program exposes students to business problems

A series of 10 information sessions, sponsored by the local Chamber as well as the Alberta Chamber of Commerce, were held at St. Albert High School over the early spring. The last of these sessions was on May 7th. The program was aimed at providing graduating students with information on some roles that business may play in their futures and the many opportunities available in the business community. Each subject was covered by a professional in that field who worked in the St. Albert area.

The first of these sessions had Gerry Hague, local Safeway manager and Don Peterson, Safeway's personnel manager for northern Alberta speaking to the students. The subjects they discussed included: characteristics that personnel officers look for when hiring staff and the importance of each to the business. Appearance, attitude, training and experience were among the most important aspects of a person's character according to these two qualified men.

In the second session Gerry Belke, manager of Grandin Shoppers' Mall, discussed the reasons that business existed, the reasons that people wanted to work for business, the kinds and types of businesses that exist today. People work for business in order to serve community needs, to provide products needed by individual segments of consumers. Businesses are of many different kinds - corporation, national, multi-national, sole proprietorship and partnership, and perform many different functions such as resource development, manufacturing, service and tourist industry development, and commercial building.

In the third week, G. Belland, assistant manager of the Bank of Montreal and member of the Chamber of Commerce explained how to assemble money to set up a business and how to borrow long-term working capital. He also discussed the interrelationships of taxes, accounts payable, accounts receivable, borrowing, interest, prices, sales, wages, etc. Mark Wheeler, a St. Albert chartered accountant, explained the intricacies of free market competition, and the many factors involved in the selling of a product such as research, development, distribution, training, personal selling, advertising, promotion, pricing and packaging.

Bill O'Neill, a St. Albert lawyer, discussed the controls used to prevent anticompetitive practices. Wage and price controls, consumer rights, both general and under the Unfair Trades

Union negotiator Leo Lancaster gave the last in a series of 10 lectures to the students of St. Albert High School. The lectures were part of an experimental program sponsored by the Chamber of Commerce to expose senior high school students to various economic situations which they may have to cope with in the near future. Mr. Lancaster spoke on the interaction of unions and trade organizations with management.

Practices Act, and the interaction of technology and the environment were the topics of main concern.

## PROS & CONS OF ECONOMIC GROWTH

His Worship, Mayor Richard Plain, was the sixth speaker in the series and his topic was the effect of business on the community. He commented on the advantages and disadvantages of economic growth on the community with special attention given to the areas of urbanization, population, increased service facilities, housing, land development, local opportunities, and Government development programs.

The planner for the Town of St. Albert, Wayne Gordon, took time out to discuss the effect of the community on business with the students. This area included the topics of regional planning and public relations.

The interesting and timely topic of "Corporate Rip-Off" was thoroughly discussed by Mike Rogers of BACM. Questions such as: What are the public attitudes? What is fair profit? Where do profits go? and the place of multi-national corporations in our society were part of this session.

Ray Gibbon, past mayor of the town and representative

of Sun Life of Canada led a discussion on the topic of business in the Canadian Albert High teachers involved in experimenting with the program, evaluated the Enterprise System. The importance of profits, taxation, economic growth and the competition for world trade were among the subjects on which Mr. Gibbon spoke.

The final session was given by Mr. Leo Lancaster, union negotiator for the Alberta Hospitals Board. Mr. Lancaster had the added interesting side to his background of having once been on management's side of the fence. His topic was the importance of labour-management relations and the points of conflict which occur, such as strikes, grievances, collective bargaining and contracts, and employee benefits.

## PROGRAM SEEN AS BENEFICIAL

At the conclusion of the 10 session series, the two St.

series. Brian Kupsch and Paul Chalifoux (vice principal) felt that the sessions were well received by the students and staff. At least seven of the sessions were attended by a Typing 30 and an Economics 30 class, while other classes such as English 33, Social Studies 20 and 30, Accounting 20 and Geography 20 were involved in at least one of the 10 sessions.

Many of the students involved in the sessions will be graduating this year and will be considering direct employment in the business community. They found the lectures to be relevant to their future plans as well as informative, reported Mr. Kupsch and Mr. Chalifoux.

The main benefit, they felt, was the involvement and co-operation shown by the local Chamber in concerning themselves with the High School curriculum and business sessions at St. Albert High. Both Mr. Kupsch and Mr. Chalifoux hoped that a similar program would be continued next year.

One thing about fitness, you can tell the players without the program.

Participation in fitness programs. Fitness. In your heart you know it's right.

## Exciting art venture planned

An exciting venture for both artists and art collectors is planned for Saturday, June 5.

It is the Uni-Art Festival, being held for the fourth consecutive year in the Edmonton Unitarian Church, 12530 - 110 Avenue from 11 a.m. to 7 p.m.

More than 50 different artists and artisans from

Edmonton and district will be exhibiting their work in many fields: painting, sculpture, stained glass, pottery, jewellery in both sterling silver and porcelain, batik, macramé and weaving.

The exhibition and sale of art work has been organized by Edmonton Unitarians to raise needed funds for the church and an income for the artists as well as to provide a

stimulating experience for everyone.

Gourmet fingerfood, tea and coffee will be served. Entertainment provided, door prizes to be won and demonstrations in various art media given throughout the day in the inner courtyard of the church, including on-the-spot portraits.

The festival committee, chaired by Mrs. Dorothy

Kempinsky, herself a graduate of the Chicago Art Institute, has succeeded in choosing an impressive roster of artists and artisans from the Edmonton area.

Tickets for the event are available from church members, at the church in the mornings, at the door on the day of the art festival, or call Joanne Irwin at 459-7443 after 6 p.m.

## Parsonally Speaking

By Rev. B. L. Heath  
Pastor  
First Baptist Church

"I lost it" is a new bumper sticker that recently came out following the "I found it" campaign. This shows a little bit of humour yet as one reflects on the statement it is sad. To lose one's soul and God's offer of eternal salvation and eternal life is disturbing. The word lost has the idea to perish, to fall, to

waste, to destroy. Judas, the disciple who betrayed Christ, is referred to in the Scriptures as the son of perdition. Perdition is defined as utter loss of the soul or loss of final happiness in a future state; or damnation. Shipwreck is another way of saying perdition.

The Psalmist said, "I have gone astray like a lost sheep." Sheep are defenseless, slow moving and have no natural protection mechanism, such as a shell. They have poor eye-sight. When a sheep is lost it is in great danger. The Bible says, "The sheep were scattered, because there is no shepherd; and they became meat to all the beasts of the field, when they were scattered. My sheep wandered through all the mountains, and upon every high hill; yea, my flock was scattered upon all the face of the earth, and none did search or seek after them."

Jesus said, "The Son is come to save that which is lost. I have found my sheep which was lost."

## St. Matthew's picnic

St. Matthew's Anglican Church will have their annual picnic in the Lions Park, May 30th.

First off there will be an open air service - 11 a.m., followed by the picnic lunch. After this everyone is invited to take part in games and races.

For more information phone Ruby Shanley at 459-6045.

# Teen news and views

By Kelly Daniels

There has been a growing concern in the Town of St. Albert over the last couple of years on the increasing number of teens and the obvious lack of things for these teens to do. In response to this concern the town has hired a community youth worker and in this capacity I hope to bring to the teens and adults of St. Albert a resource which can be utilized by the community to alleviate some of these concerns.

There are probably many teens and adults alike who are unfamiliar with my role as youth worker and uncertain as to what exactly I hope to accomplish. This position was established to ASSIST the youth of St.

Albert in identifying their own needs and interests and aid them in achieving these goals. I think it is significant to note that I am not here to "do" things for the youth, but rather to "facilitate" any action the teens themselves are interested in. Therefore you will not see a nice tidy brochure being distributed from this office entitled "Summer Programs - Come Sign-up." Instead there will be scores of teens organizing themselves to pursue their own interests and those of other St. Albertian teens.

The advantages to this approach are many. The teens are meeting their own interests instead of compensating with other activities someone else has set up for

them. In this way a life long pattern of creating their own forms of recreation and leisure time activities can be established, and if the project fails this too can be a learning experience. Also, the organizational skills and the feelings of accomplishment which go along with doing something yourself are very evident. This approach of acting as facilitator rather than spoon-feeder has also proven to have a higher degree of success in the long run.

So kids it's your choice, either another hum-drum summer or one only you can make exciting. If you want some help or some hints get a hold of me either at the Town Hall or by phoning 459-6601 and ask for Kelly Daniels.

Keep your eye on this column as well because many upcoming activities will be mentioned and if you're interested come on out and participate. Also any groups or individuals who are staging something for the teens drop me a line and let me know.

## TEEN SCENE

The H.A.S. (Hire-A-Student) office has now been established with Joanne Coulter as office manager. Student's wishing summer employment will be able to register with the office at their respective Junior and senior high schools on Thursday and Friday, May 27 and 28.

S.A.T. (St. Albert Teens) will be holding a car wash this Saturday, May 29 from

10 to 4 at Roger's Esso on the north end of the Trail. A discount will be given on a wash if you fill-up.

Adult supervisors and drivers

are needed for teen horseback riding clubs - gas will be paid - for more information call me at 459-6601.

## WE HELP YOU FIGURE COSTS

Figures are imposing until you look at them line by line. That's our specialty; we'll show you the ropes. And we'll tell you frankly what you need to estimate for repairs or other costs. You'll feel better when you know where you stand.

You may be surprised - pleasantly - when we've helped you calculate. Come get started on owning your own home!

## Senior Citizens News

Seniors are reminded of the Alberta Council on Aging Conference which will be held on May 27, 28, 29 in Lister Hall at the University of Alberta. Copies of the agenda were in the Centre. However, anyone wanting information on times of registration, workshops, etc. should phone 459-6601, extension 55. Anyone willing to provide transportation is also asked to phone the same number.

Winners of the card party held on Tuesday, May 25 were Juliette Lema and William Kinshella. Consolation prizes were won by Louise Borle and Ullric Franche.

Bingo nights at the Centre will be winding up on Tuesday, June 1st when the Kinsmen hold the last bingo of the season at 7 p.m.

The summer programs will be decided at the meeting of the new executive which will

be taking place shortly. In the meantime drop in at the Centre on Mondays and Wednesdays between 7 and 9 p.m. Meet your friends and make new ones - watch television, pick up a book to read, or just sit and talk. It's the Seniors' centre!

We know  
an inexpensive way  
for you to look good.  
It's called  
getting active.

Finest. In your heart you know it's right.

## SAM tops district track meet

The St. Albert District Track Meet was held on Thursday, May 20 at the Kinsmen Field House. All the elementary schools in St. Albert were involved in this meet, sending competitors in the following events: high jump, long jump, 50m, 400m, ball throw, shot put, and 400m relay.

The results were as follows: Sir Alexander Mac-

kenzie - 115 pts., Leo Nickerson - 63 pts., Vital Grandin and Robert Rundle - 60 pts., Albert Lacombe - 50 pts., Sir George Simpson - 45 pts., Father Jan - 42 pts.

Individual high point scorers were: 9 yr. girls - Heidi Lotocki R.R., 9 yr. boys - Jason Taylor - SAM; 10 yr. girls - Leanne Murray - A.L., Trina Cooper - R.R., Cori Dochuk - SAM; 10 yr. boys - Kevin Slater - R.R., 11 yr. girls - Shawna Cooper - L.N., 11 yr. boys - Glen Moregwich - SGS; 12 yr. girls - Svea Dorrnan - SAM; 12 yr. boys - Tracy Fizel - SAM.

The planning committee would like to thank all the teachers who helped in anyway to make the meet a success. We would also like to congratulate all the students who participated. Your co-operation and good sportsmanship made the track meet enjoyable for everyone involved.

On Friday afternoon, May 14th the students of Father Jan Elementary School held a track and field meet. At noon hour the youngsters headed across Mission Avenue to have a wiener roast on the bank of the Sturgeon River. Unfortunately the weatherman was less than co-operative and sent cold, gusty winds - winds which may have chilled parents and teachers to the bone, but did little to discourage these eager children from having a good time.

## Accent on Akins

By Laurie Root

It seems every time our editor goes to pick up her pen Mr. Another-Thing-To-Do invades her territory. This time I've locked him away and I'll get down to some writing. There's been a few events that have happened or will be happening which you may be interested in.

1975-1976 GRADUATION

As you know the Grade 9's of Lorne Akins Junior High School are raising funds to help pay for their graduation. Two weeks ago they did odds and ends for citizens around town and managed to turn out \$250. On Friday, May 14 they were at it again raising money at a floor hockey game and bake sale in which they raised close to \$80. The floor hockey game was entitled "The Hagar Head-hunters" referring to the teachers and staff who challenged our Student's Union Council. We let the teachers and staff defeat us but wait

'til next time you guys!

TRACK MEET

On Friday, May 21 the Lorne Akins School held their annual track meet. It was a great success and many of our winners will be out at the District Track Meet to be held sometime in early June.

OUTDOOR EDUCATION CAMP

This week 28 Grade 9's leave for Carson Lake near Whitecourt, 125 miles away for an outdoor education camp which will last four days. They are to leave Lorne Akins at 4 p.m., May 28 and are due to arrive home at 9:30 p.m., June 1.

Students who will be going will be partaking in the following activities: survival and canoeing with Mr. Berth, a qualified instructor; hiking, backpacking, and orienteering with Mr. Scott a teacher at our school; camp skills with Mrs. Stokka, our

girls physical education instructor; and stream fishing with Mr. Ferguson, the Outdoor Education instructor at our school.

In addition to these courses, they will also have an opportunity to do some lake fishing, swimming, and recreational canoeing in supervised groups. Have fun campers and please try to stay dry!

LORNE AKINS BAND EXCHANGE & CONCERT

As you know the Grades 8 and 9 band students went on an exchange to Grande Prairie two weeks ago. Now it is our pleasure to have them visit our town. These students are to arrive on May 27 with their director Mr. Archer and will stay until May 29 at which time they will do some touring of the city of Edmonton and then continue on home.

On May 28, the Lorne Akins Band and the Grande Prairie Junior High School Band will be performing at the Lorne Akins Junior High School in direction of Mr. E. Osoba of St. Albert and Mr. Archer of Grande Prairie. We invite the public to come out and listen to some good music. The concert is to start at 8 p.m. at the Lorne Akins School Gymnasium. Tickets will be available at the door. See you there!

## GRANDIN MEDICAL CLINIC

WANT to announce a change in office hours. Commencing Monday, May 17, 1976 the office will be open 8:30 a.m. to 4:30 p.m. Appointments 9:30 - 12 and 1:30 - 4. PHONE: 459-5581

## Saints win season opener

St. Albert Saints defeated the Edmonton Dusters 11-1 last Wednesday in the opening game of the Sunburst Baseball League.

Saints played an excellent mound performance from pitcher Jim Poelzer as he chalked up 13 strike-outs, allowed four walks and eight hits.

Larry Brandenburg who recently returned from a two year teaching assignment in Germany led the Saints at the plate with four singles in five trips. Harry Hodgson, Len Hanna and Greg Moles also had two hits each and all other players bled safely.

Mohs had the seasons first homerun and also added a triple.

Dusters, a junior team coached by veteran Ed Tanner scored their only run of the game in the first inning on a pair of singles and a run scoring fly to centre field.

St. Albert got on the scoreboard in the third inning when Len Hanna reached first on an infield error and then came home on Mohs' homerun over left field.

Brandenburg and Coach Rick Curtis stroked back to back singles and both scored on hits by Gene Sharun and Poelzer. By the time the inning ended Saints sent nine batters to the plate and scored four times for a 4-1 lead.

St. Albert added a single run in the fourth and then put it out of reach in the sixth with six more runs. Saints came up with six hits in the inning including a triple by Mohs and a double by Dave Perry.

Losing pitcher Perry Lynch could not contain the Saints strong bats and three infield errors by his teammates were costly.

Saints did not commit any errors and were in control of the game right from the start.

St. Albert was to have played Camrose Cubs last Friday in Camrose but rain cancelled the contest.

The Saints will be at home tonight to the Edmonton A's at Mission Park diamond, game time - 7 p.m.

Next Tuesday, June 1st, Saints will be in Fort Saskatchewan and will be at home Wednesday, June 2

and 3 with Camrose the opposition both nights.

For some of the best action in senior baseball, get out and watch the Saints home games.

Games are on just about every Wednesday evening and start at 7 p.m. sharp.

## Playboys win Sturgeon fastball tournament

Stony Plain Playboys won the annual Sturgeon Valley Men's Fastball League tournament last weekend in Calahoo.

Playboys defeated Onaway 9-2 in the "A" event final Sunday afternoon and won the league trophy.

Playboys also had earlier wins over Garden Valley Raiders, St. Albert, and Stony Plain Kings.

Onaway defeated L.B.H. Falcons, and Calahoo Chiefs to reach the final.

Enoch lost their opening

game to Calahoo 6-2 to drop into "B" section and then defeated Devon 5-4 to win the "B" trophy.

The annual league dance was well attended in the Calahoo Arena by members

of all 12 competing teams. The two-day weekend was a good success and the Calahoo Sports Association are to be congratulated for their efforts.

## Comets fold up

There will be no St. Albert Comets Hockey Club in St. Albert for the 1976-77 season unless interest to the contrary is shown before the

season gets underway.

Club President Claude Contant said last Friday only five people showed up at the

Please Turn to Page 18

## St. Albert Hercules girls fastball

The fastball season is well on its way with all divisions going strong.

In the 13 to 16 year division is turning into a two team race with Pro Western Plastics leading the field with the Dairy Queen just one win back. Westcon and A & H Steel are bringing up the rear. These two teams are coming on strong and will be heard from come playoff time.

The travelling team sponsored by the St. Albert Sportshop are holding their own in the Sturgeon Minor Fastball League. The team has enjoyed playing our neighbours from Bon Accord, Riviere Qui Barre, Horse Hill, Villeneuve and Sturgeon Valley. The weather has been a little cool for good ball but they have managed to get in all scheduled games. The team name is the St. Albert Sportshop "Angels."

The 11 and 12 year olds are having some very interesting games and there is only two points separating the first four teams. Ken Muir's team and Don Lavo's Standard Generals team are tied for first and B. Sumann's, Jim Byrne's "Shamrocks" are tied with Ernie Desrocher's Mohawk Disb. "Indians" for second place. Gibson and Galbraith are tied for third with a few games on hand.

In the 10 and under division although the writer hasn't seen any of these games the girls are all having a great time according to the coaches. Marilyn Pflance's team is leading the five team division with three wins and Holly Pickle and Ann Lavo's teams one game back tied for second. Ed Maurier's Lacombe Park "Red Rooster" are in third all alone and Chiyoko May's Gals are following the pack.

If the parents of any of these girls haven't had a

chance to see any of the action the coaches and league director would welcome them out.

There is a shortage of volunteer umpires and any one not already contacted or involved whether you're a parent or not. Please call a division director if you can help out in this way. The directors of each division are - 10 and under Anne Lavo 459-8489, 11 and 12 Barb Galbraith 459-7831, 13 to 16 Mike Rosseker 458-2405.

Director Frank Vettergreen would like to thank the following firms for their support: Westcon Const., Pro Western Plastics, A & H Steel, Dairy Queen, St. Albert Sportshop, Lacombe Park Red Rooster, Garneau Taylors (Jim Byrne's), Mohawk Disb. Standard General, Pop Shoppe and Edcon Block. Without the support of these teams it would be difficult to supply all equipment needed to run these leagues. Any other firms interested in sponsoring a team or other support please contact Frank Vettergreen at 459-8914.

Park and Recreation Director Mr. Bernie March harled the ball past batter Ed Tanner (manager of the Edmonton Dusters) and into the waiting glove of Rick Curtis (coach of the Willowbrook Saints) in the opening pitch of the season last Wednesday evening at the Mission diamond.

An Edmonton Dusters player slides into third base under the watchful eye and quick glove hand of Harry Hodgson. Unfortunately Harry wasn't quite fast enough and the Dusters' player was called safe. This play was not indicative of the game's outcome as the Saints beat the Dusters 11-1.

| Larks    | 5 | 3 | 0 | 10 |
| Goats    | 3 | 4 | 1 | 7  |
| Falcons  | 2 | 5 | 1 | 5  |
| Muskies  | 2 | 6 | 0 | 4  |
| Giraffes | 0 | 8 | 0 | 0  |

With time off for the Victoria Day holiday, tiny teams from the T-ball division are all set to resume play tonight, weather permitting.

The only surprise in last week's action was the Larks' turnaround win over the Fawns 25-20. The Larks from Lacombe Park were scratched by the fighting Fawns a month ago.

A rematch between the Billy Goats and the Fearless Falcons (on April 26 they tied 24-24) resulted in a 9-17 bumping by the Goats.

Coach Wally Popik's Gorillas had a tougher time in mangling the mighty Muskies 18-12 while the stompin Steers caught the Giraffes in a 29-12 stampede.

## MOSQUITO DIVISION

|                  | W | L | T | P  |
|------------------|---|---|---|----|
| Lacombe Roosters | 6 | 2 | 1 | 13 |
| Oilers           | 5 | 2 | 2 | 12 |
| Orioles          | 5 | 3 | 1 | 11 |
| Eskimos          | 4 | 3 | 1 | 9  |
| Appollos         | 4 | 5 | 0 | 8  |
| Canucks          | 3 | 4 | 1 | 7  |
| Mustangs         | 3 | 6 | 0 | 6  |
| Red Sox          | 2 | 7 | 0 | 4  |

The perch that holds the Lacombe Park Red Roosters, the mosquito division leaders, was a bit shaky today.

The reason is simple - some mosquito teams are playing up to their capabilities lately. Namely, the Orioles, the Oilers and the Appollos.

Providing the most excitement were the Oilers caging of the Red Roosters 15-9 in a holiday upset. They had already soaked the Red Sox 21-11 last Wednesday.

The orange-clad Orioles happened into third place when they held the number one Roosters to a 17-17 knotting. On Monday the Orioles, reluctantly, took a default from the last place Red Sox who were unable to field a team.

The Appollos climbed out of the basement to find a ray of sunshine by burning the Eskimos 37-27 Wednesday

and saddling the Mustangs 16-14 on Queen Victoria Day. Coach Paul Sheitney's Canucks fended in the Mustangs by a tight 23-21 score on Wednesday.

By mutual agreement, the Canucks and the Eskimos postponed their Monday game until next Friday.

## BEAVER DIVISION

|          | W | L | T  | P |
|----------|---|---|----|---|
| Pirates  | 7 | 0 | 14 |   |
| Blasters | 5 | 1 | 10 |   |
| Braves   | 5 | 2 | 10 |   |
| Mets     | 3 | 2 | 6  |   |
| Giants   | 2 | 4 | 4  |   |
| Flyers   | 2 | 5 | 4  |   |
| Angels   | 2 | 5 | 4  |   |
| Dodgers  | 0 | 7 | 0  |   |

Although nobody was heard complaining, the weatherman played a rather big role in the beaver division last week as only two games were actually played.

Coach Hank Matoga's Giants gave the league-leading Pirates all they could handle before walking the plant 8-7 in a squeaker all the way. Obviously, the Giants like the close ones. In two previous encounters they outlasted the Angels and the Dodgers by identical 17-16 scores.

The only other active ball playing saw the Big Lake and Farm Flyers fly by the Dodgers 23-3 Tuesday.

A "breakdown in communications" cost the Angels a 7-0 forfeit loss to the Braves. No games were played on rainy Thursday.

## BANTAM DIVISION

|         | W | L | T | P |
|---------|---|---|---|---|
| Braves  | 4 | 2 | 1 | 9 |
| Canucks | 4 | 2 | 1 | 9 |
| Broncos | 3 | 2 | 2 | 8 |
| Cubs    | 1 | 6 | 2 | 2 |

Two contenders, the Braves and the Canucks, continue to dominate as the second half of the bantam division got underway this week.

The bustling Braves made it two out of three from canny Canucks last Tuesday, annihilating the co-leaders 10-3 on the Mission diamond. Leading 5-3 for most of the evening, the Braves unleashed their batting power for five additional runs in the final two innings.

A five-run seventh inning outburst wasn't quite enough

for the Sportshop Cubs who were kicked 12-10 by the Belmont Broncos in a Tuesday meeting at the St. Albert High diamond.

Rain washed out the games scheduled for Thursday.

## BASEBALL ON CABLE 5

Through the co-operation of Capital Cable and their

local representative, Jack Follett, local minor league baseball players may have a chance to view themselves on T.V.

Every Thursday night throughout the baseball season the new program, "Take Me Out to the Ball Game" will be seen on local cable, Cable 5, at 8:30 p.m. Acting as host for the program is Rick Schuchard who is in

charge of league publicity and statistics.

Programs will feature videotaped action shots from various league games plus guest interviews on timely topics.

Last Thursday's program guests included Dennis Co-

ckwill, equipment co-ordinator; Terry Shaw, umpire in chief, and several members of the league leading Steers T-Ball team. Also seen were portions of the Pirate-Giant, Flyer-Dodger beaver teams and the Canuck-Brave ban-

executive meeting in his home May 20, not enough for a quorum to re-elect the new executive.

Mr. Contant is concerned at the lack of interest shown in having a Senior A hockey club in St. Albert and says there may be no more of this hockey in future seasons.

According to Mr. Contant

the club had been in operation for about 12 years. Twenty-five people were involved, including executive, coach and general manager.

Those who are still concerned about the future of Senior A hockey in St. Albert can phone Mr. Contant at 459-8651.

## REGULAR EVENTS

**MONDAY** - 7:45 p.m.  
Camp Lacombe Bingo in Parish Hall.

**WEDNESDAYS** - Community League BINGO, Community Hall, St. Albert.

**MOTHER'S DAY OUT PROGRAM** is finished for the summer and will commence this fall.

## Report from Parliament Hill

By Stan Schellenberger, MP

Lately I have received several questions from constituents about the United Nations Conference on Human Settlements, more familiarly known as Habitat, to which Canada will play host in Vancouver from May 31 to June 11. Representatives from 140 nations will meet to discuss solutions to very serious problems that face mankind as a result of our increasing urbanization, problems such as food, water supply, shelter, energy, work transport, population pressure, pollution, aesthetic environment, protection and recreation.

In bringing together delegates, observers, officials and journalists, Habitat is expected to be the largest conference ever sponsored by the UN.

It has been predicted that Canada's population, now about 22 million, could rise to 30 or 40 million by the end of the century. Canada has had the highest rate of urban growth of any developed country since the Second World War. Between 1951 and 1966, urban regions absorbed almost all of Canada's population increase of six million. Experts forecast that given current trends, by the year 2000 Canada's urban population could more than double.

This prospect means that Canadians will have to build as many new settlements during the next 24 years as we have built so far in our

entire history.

The trend towards increasing urbanization is by no means peculiar to Canada alone. All industrialized nations are experiencing this phenomenon. Yet however staggering our prospects seem, we in developed countries must consider ourselves fortunate when we compare our situation to that of the Third World nations.

The vast majority of the world's less-advantaged population live in developing countries where even the barest minimum needs for survival are not ensured. Accordingly, first and foremost, Habitat discussions will focus on the most crucial and immediate problems facing the severely deprived segments of the world's population, in particular problems relative to the provision of a minimum standard of housing and other essentials such as food and education.

The Habitat Conference will be solution-oriented. Several countries have found answers to settlement problems and by audio-visual

presentations they will demonstrate their findings. Three titles have been prepared by Canada: Management for Urban Growth and Land Use; Design Innovations for Cold Climates; and Governing Human Settlements.

In conjunction with Canada's direct contribution to the Habitat conference itself, study tours have been organized to enable members of foreign delegations to travel throughout Canada and see Canadian endeavours and accomplishments in the field of human settlements. In Alberta, a number of participants will visit Fort McMurray, the centre of the tar sands development, Edmonton, Calgary and High River.

At Habitat, international representatives will be gathering for an exchange of global ideas, techniques and systems for solving specific problems. Governments will have an opportunity to share their knowledge in an effort to combat the problems of the environment crisis and to make the world a "whole-some human habitat."

## Cow killer could strike

Grass tetany, sometimes called grass staggers, is a disease that accounts for many cattle deaths at this time of year. However, many deaths could be avoided by careful, twice daily observation of the cow herd.

According to Dr. Frank Baker, beef cattle extension veterinarian with Alberta Agriculture, the cause of grass tetany is little understood, but hypo-magnesemia is responsible for many of the clinical symptoms. In hypo-magnesemia the level of magnesium in the blood stream is below normal.

Although the disease is usually seen in late winter or early spring, it occasionally occurs during the summer and fall. Cows close to calving or nursing a young calf are the most often affected.

Affected animals are nervous or unusually alert, often belligerent or "on the prod." Muscle twitching is followed by a staggering gait and the animal soon lies down. These

signs develop quickly and many animals are found lying on their sides with their heads back and legs "padding."

Early intravenous treatment with a calcium gluconate solution containing magnesium usually results in a dramatic recovery.

Control of the disease may involve many factors. Usually only one or two cows in a herd are affected and twice daily observation may be all that is necessary. The provision of shelter through windbreaks or sheds in cold wet weather is recommended.

Where the disease is a recurring problem in a herd, Dr. Baker recommends supplementing the feed with two ounces of magnesium oxide per head per day.

## STURGEON

Where: Red Barn, 7 miles north of Highway 28 on the Lily Lake Road. When: Wednesday, June 2 at 11:30 a.m. Bring: A picnic lunch or something to barbecue (indoor picnic facilities available). Individuals are responsible for their own transportation.

## PICNIC - SENIOR AND RETIRED CITIZENS OF

## NO SMOKING CLINIC

Will be put on by the Sturgeon Health Unit in conjunction with Alberta T.B. and Respiratory Disease Association on June 14, 15, 16 and 17 with a follow-up June 21 at 7:30 - 9 p.m., at the Sturgeon Regional Recreation offices in Morinville. For more information and registration, please phone the Sturgeon Health Unit at 459-6671.

## PRE-NATAL CLINIC

The Sturgeon Health Unit will offer a Pre-natal course in Morinville if there are eight or more people interested. To register please phone 459-6671. There will not be any charge for this course.

## PROGRAMS FOR PEOPLE TABLOID

Will be going out about the

middle of June, if any communities or organizations have anything that they would like to have advertised in this tabloid, please phone 939-4317 or mail information to Sturgeon Regional Recreation, Box 570, Morinville.

## SUMMER SWIM PROGRAM

Registrations have taken place, and there are still some openings for the last two weeks of August. To register phone 939-4317.

## STURGEON SOFTBALL

Roster sheets were to be in by May 17, if you still have not sent yours in please mail to Box 570, Morinville.

## ALBERTA SAFETY BABYSITTERS COURSE

The following have successfully completed and received their "Graduate Babysitter" cards: Lianne Belloin, Brenda Demers, Alaina Dingman, Kevin Giesbrecht, Eileen Hittinger, Sandra Jacobs, Ritu Khullar, Patty Lamb, Ruth Lindley, Cathy Phillips, Christine Rousseau, Brenda Skjersven, Janet Smith, Adele Sylvestre, Monique Sylvestre, Brenda White, Leslie White.

## Villeneuve annual picnic

Villeneuve will have its annual picnic June 6. There will be ball games, bingo, a concession booth, a hot dog booth, a fish pond and races for the children. A hot supper will be served later in the day. Admission to the

picnic is \$3.00 - children 12 and under \$1.50; pre-schoolers 75¢.

Congratulations goes out to Roger Berube and Pauline Belanger on their recent engagement.

You don't get much of a chance to slow down to the 30 miles an hour speed limit, when you are going 50 miles an hour down the road to Riviere Qui Barre after turning off of the Sandy Beach Road, especially if you are not used to the area. However, a sharp dip just past the limit sign seems to keep the speeders from roaring through the little hamlet.

## Frontier Daze baseball tourney

Craig's Manufacturers, Morinville's senior baseball club, will host a baseball tournament again this year in conjunction with Frontier Daze. It is generally found to be one of the best senior baseball tournaments held in Northern Alberta and promises to be excellent again this year. The Manufacturers are currently leading a bold concept of a new baseball facility in Morinville as the years have slowly caught up to our present ball park, making it somewhat outdated.

Highway 28 gets a facelift! Shown above is the road crew who worked through the week of May 12 resurfacing the highway from the tracks at Bon Accord, to the entrance to Gibbons.

## NOTES FROM AGRICULTURE CANADA

### PRAIRIE GRAIN WIREWORM

A common gas, carbon dioxide, may prove to be an important tool for detecting prairie grain wireworms in soil and estimating the amount of damage they could cause.

Studies at Agriculture Canada's Saskatoon, Sask., Research Station have shown

that wireworms are attracted by carbon dioxide released by germinating seeds. The wireworms' sense organs detect the gas in the soil and the larvae zone in on the seeds. Scientists were impressed with the speed and accuracy with which wireworms located the seeds. The larvae

followed carbon dioxide to seeds of wheat, barley, fall rye, bromegrass, timothy, alfalfa, rape, sweet clover and sunflower.

Researchers are now developing a carbon dioxide trap for collecting larvae in the soil.

Wireworms, although active, often stop eating for

periods of a week to several months. Scientists believe that only hungry wireworms are attracted by carbon dioxide. The traps would give some indication of the percentage of a wireworm population ready to feed.

Wireworms are the most widespread soil pest in the prairies.

The adults (click beetles) begin emerging about the end of April and mate soon after. The females remain in the soil for about three weeks while their eggs mature. They move to the soil surface, where each female lays several clutches of 200 to 300 eggs.

The eggs, deposited in cracks or under lumps of soil, require about a month to develop. After emerging from the eggs, the young larvae feed on fine plant roots. They remain in the soil for three to five years before forming underground cells and pupating in late July or early August. Two weeks later the newly-formed adults emerge, but remain in the pupal cells until the following spring.

Because of wireworms' long life cycle, fasting periods during the larvae stage and differing rates of maturity, scientists have difficulty studying insecticide and repellent effects. The carbon dioxide study has opened up promising new lines of research.

EUGENE WHELAN  
MINISTER

MUNICIPAL DISTRICT OF STURGEON NO. 90

### CARETAKER REQUIRED

The undersigned will be accepting applications for the position of Carciaker for the Municipal Administration office at Morinville. Employment is to commence on June 1st, 1976 and the last day of submitting applications is May 28, 1976. Duties are the cleaning and polishing of floors, dusting of furniture, washrooms, emptying waste paper baskets, etc. on daily basis. Windows are to be washed at regular intervals and minor office maintenance is required. Kindly indicate salary expected and if possible supply references.

Alphonse Nobert,

Secretary-Treasurer,

Municipal District of Sturgeon No. 90,  
Morinville, Alberta.

## Trying to control blackflies

Researchers have begun field work on the third year of a study into the control of blackflies - a biting insect which limits livestock production in parts of Alberta.

The research along the Athabasca River involves the federal, provincial and local governments and is being co-ordinated by the Alberta Department of the Environ-

ment.

The insecticide methoxychlor will be introduced into the river at two points this spring and the river will be monitored to determine the chemical's effect on the river water, sediments and organisms.

Sampling is now underway both upstream and downstream of the treatment sites

to determine the current state of the river. Monitoring of the river will continue until late September.

The first application of methoxychlor will occur about 100 miles downstream of the town of Athabasca in late May. The second treatment will take place about one week later at the bridge, which is a short distance downstream from the town.

The concentration of methoxychlor in the river at each treatment site will be 0.3 parts per million for 7.5 minutes. By treating the river in this fashion, the researchers will determine whether the blackfly larvae-which develop in swiftly flowing water-can be killed without severe effects on other organisms.

Results from 1975 showed that fewer blackfly larvae were affected by the insecticide than in 1974. This result corresponds with an increase in the number of complaints by local ranchers regarding blackfly attacks on their cattle.

No direct toxic effects from methoxychlor on adult fish were detected, but there were indications of toxic effects on the young of one species of fish and of indirect effects on adult fish.

## Hog outlook

A hog price of \$70 or more per hundredweight is a short term possibility, but prices in the \$65 to \$70 range seem more probable, says Jim Dawson, head of Alberta Agriculture's market analysis branch.

However, Mr. Dawson believes that prices are likely to be under pressure from the total meat supply from mid-summer through the rest of the year and to fall back to the low \$60's or even the high \$50 level by late summer or fall.

"If there is a heavy run on non-fed beef at any time in the last quarter of this year,

plus the expected increase in hog production, prices could drop back to the mid-\$50 level and lower in 1977 as North American production expands," Mr. Dawson says.

While the signs are here for a gradual increase in Canadian hog production, marketings will probably remain below the low levels of 1975 until late in the third quarter or early in the fourth quarter of this year.

In Alberta some production expansion seems to be taking place, mainly with large producers, but many former hog producers are still satisfied to sell barley for \$2 plus. Canadian production in 1976 is expected to total slightly less than the 1975 production.

## What's blooming?

Several perennials have come into bloom during the past two weeks. One interesting perennial is Bergenia. The flowers are a purple-pink shade on a nodding stem. It is from 10 to 12 inches tall and when the flowers are not present, the foliage is very similar to rhubarb.

The foliage remains green during the summer and turns crimson in the fall. The plant will tolerate partial shade or full sun and serves well as a groundcover.

## Legal Locals

**By Connie Maurer**  
On May 29 there will be what is called "A French Day" for all the french speaking students in the Morinville and Legal area. It will be held at the Vimy

School and it is supposed to be an all day program. Those participating will be learning how to do the French folk dances.

A French concert will be

presented by the pupils of the Advanced French Course and the Oral French Speaking course on May 27 - a Thursday at 7:30 p.m., in the school gym. The program will involve all students from grades 1 - 12. It is very encouraging to see the English parents pushing their children to be bilingual being that it is a big asset for their future.

Youth Dance - to be held at the Community Hall on June

5th from 9:30 - 1 a.m., featuring the "Witness" a well known band from Edmonton. This will be the last school dance for this year. Everyone is welcome to attend.

The Fete au Village parade will be held as usual after the free street breakfast on Saturday, July 4th. It is scheduled to start at 10:30 a.m. Any business or anyone wishing to participate in the parade please contact Marcel

Dube at 961-3694 preferably before July 15. Those registering will be forwarded a letter advising them of the place of line-up and of their designated numbers. Lets make it the best one yet. Use your imagination and lets have some fun.

### COUNCIL CHANGES

At the Village of Legal council meeting held April 26, Art Morin was appointed mayor and Marcel Dube, deputy mayor.

Nomination Day was held May 14th to fill a vacancy in council. Returning Officer, Agnes Montpetit, declared Marcel Coulombe, so nominated to be elected by accla-

mation for the office of councillor. Good luck in your new endeavours. Roland Prefontaine and Gerald St. Jean complete the council.

Remember if you want to put any news in the Gazette you must contact me before Monday to have it published in the coming week's edition. Call 961-3835 or mail at Box 235.

The members of Club 60 Roses are invited to a picnic to be held at the Red Barn on Wednesday, June 2, from 11 a.m. to 2:30 p.m. Those going are requested to bring their lunch or something to barbecue.

# The Census of Agriculture. How are things on your farm?

The Census of Canada will provide important benefits for all Canadians, but the farming community has special needs. That's why you are asked to complete the agricultural questionnaire, in addition to the general questionnaire.

### How is the information used?

Farming is so complex that we need all the information we can get to develop policies and programs to meet agriculture's rapidly changing needs.

The facts only you can provide are used to help agricultural associations and government agencies plan and develop new and existing programs.

### Our lips are sealed.

The information you provide on Census Day is so vital to the future of Canada that there is a law requiring you to count yourself in. This law also ensures that none of your answers shall be passed on to any other government department. Only Statistics Canada personnel, who are sworn to secrecy, see your question-

naire and they are subject to legal penalties if they disclose your answers to anyone else.

### What to do if you don't know what to do.

If you have problems with the Census of Agriculture questionnaire, fill in all the questions you are able to answer and leave the rest until the census representative comes around to pick up your completed documents.

If you didn't receive either questionnaire by May 31st, or the questionnaires in the official language of your choice,

call the long distance operator and ask for ZENITH 1976. There is no charge.

### We're counting on you.

The 1976 Census of Agriculture is important to everyone who farms is something we can't do without and we can't do it right without you. So please help us make the 1976 Census of Agriculture a complete success.

## PUBLIC NOTICE VILLAGE OF LEGAL

Pursuant to the provisions of Section 153 of the Municipal Taxation Act, Public Notice is hereby given that the Council of the Village of Legal intends to undertake the construction of concrete street paving as a local improvement, as per Section 145 of the Municipal Taxation Act. The estimated cost of the aforementioned local improvement is \$322,000.00. It is further estimated that a grant will be received from Alberta Transportation in the amount of \$267,000.00. After deducting this grant, the net amount of \$55,000.00 is repayable over a period of 20 years at a rate of interest not exceeding twelve per centum (12%) per annum, and charge the lands abutting that portion of the street or places wherein the local improvement is made at a uniform rate of \$1.21 per foot of frontage over the said period of twenty years.

All costs in excess of the aforementioned rate per front foot will be borne by the Village at large.

The location of the proposed local improvements is as follows:

| ON           | FROM                  | TO    | SIDE |
|--------------|-----------------------|-------|------|
| 1. 50 Avenue | West Village boundary |       |      |
|              | TO                    | SIDE  |      |
|              | East Village boundary | N & S |      |

Notice is further given that unless the majority of the owners of the lands that may be assessed therefore, representing at least one-half in value thereof as aforesaid, petition the Council against it within two weeks after the last publication of the notice, the local improvement may be undertaken and the cost thereof assessed by the system of assessment referred to in this notice.

If no petition sufficiently signed has, within the time limited in the behalf, been presented to the Council against the local improvement or assessment aforementioned, the Council may undertake the proposed local improvement at any time within three years of the giving of the notice.

Date of the last publication of this notice will be the 2nd day of June, 1976.

Dated at the Village of Legal this 21st day of May, 1976.

AGNES MONTPETIT  
SECRETARY-TREASURER  
LEGAL, ALBERTA.

# June 1 is Census Day. Count yourself in.

# Calahoo News

## By Liz McLeod DEBBIE ROSS SHOWER HONOREE

What a pleasant evening was spent on Thursday, May 13 when more than 50 relatives, neighbours and friends gathered in the Gazebo to share the joys of the forthcoming marriage of the bride-elect, Miss Debbie Ross of Calahoo, by honoring her with a miscellaneous shower on this day.

Streamers and bails in yellow and white decorated the hall. The head table was suitably decorated and seated from left to right were: Mrs. H. Kathleen Kolesar (groom's mother), Mrs. M. Mary Kolesar (grandmother), Miss Marlene Kolesar (cousin), Debbie, Mrs. B. Ann Ross (bride's mother), Mrs. E. Sheryl Lynn Quintal, Sandy Ross (sister), with the two darlings going to be flower girls, Ronnie and Roseanne's Tracy Quintal and Marvin and Linda's Carla Perotti meandering to and fro in the course of the gift opening. They felt so important bringing gifts to the bride to be opened.

A bountiful lunch was served by the organizers and then when it came time for Debbie to thank all present, she told us how pleased she was with all these lovely gifts and hoped we'd all come to her wedding.

She also thanked Sheryl Lynn and all who made this friendly evening possible.

As each one entered the Gazebo, they signed the guest book and from this a

door prize was chosen so Mrs. J. Dina Groppe was the lucky lady.

And this correspondent is so grateful to all who bought our Calahoo WI's chocolate covered almonds for this is a means of raising the necessary funds to pay for the "Calahoo Trails" History Book. We have more to sell so everyone's co-operation is requested. Thanks for helping with such a worthwhile project.

## GOLDENAGERS HOLD RAFFLE DRAW

The regular meeting of the Senior Citizens of Calahoo was held in the Gazebo on Wednesday, May 12 in the afternoon with 30 happy neighbours and friends gathering to enjoy cards and bingo or just visiting.

This day we were pleased to have a visit from Mrs. Jean Smith, co-ordinator at the Sturgeon Rec. Council and a short business meeting was held.

This group were happy to receive a grant and since they will not build just now, this grant will be put in the bank.

We were so pleased with Red Windsor's visit and do hope all are continuing the exercises he showed us.

Oh yes and now the moment of truth, as to who won in the raffle that the Goldenagers have been selling tickets on.

The Afghan - made by Mrs. J. Thatcher was won by Mrs. Mary Flaherty of Onoway. The picture - donated by

Mrs. Helen Radjo was won by Mrs. Helen Radjo of Calahoo. The side of beef - supplied by Myles Kerr and bought by this club, was won by Mr. Napoleon Majeau - R.R. 1 St. Albert.

Happy birthday was sung to Werner Christen during lunch.

The next meeting will be held on Wednesday, May 26 in the Gazebo and visitors are always welcome.

## MALCOLM MacKENZIE HONORED ON BIRTHDAY

It was just like old home week for a fine neighbour from Calahoo, who now resides in Stony Plain.

Malcolm was in for a pleasant surprise when Mrs. Emelia Schmermund, who was going to Stony Plain anyway, decided to go and visit and bring Malcolm and his sister, Mrs. Lawrence, Betty MacInyre home for a visit to Kerr Bros.

Together, along with Alex Myles and Daphne, they all went to Onoway where they met and visited with Malcolm's old friends, Mr. Oscar Moran and later going to see Mrs. Alice Warren (formerly of Calahoo) in Onoway.

Because this was such a beautiful day, it was nice to drive out through the countryside, going south of Onoway and through the Bilby area, coming out where Emil and Betty Ulmer used to live and then past Malcolm's place and back to Kerr's where Daphne had prepared a delicious meal.

Needless to say this day was immensely enjoyed by all concerned and for Malcolm this was a day to remember.

Time didn't allow visiting more neighbours, but after a day well spent, Myles and Daphne took Malcolm and Betty back home assured that their hospitality was much appreciated. Lawrence was busy with spring work so missed this pleasant day. Calahoo and district also wishes you a happy and healthy birthday Malcolm, now, and in the future.

## MYLES KERR ADDRESSES MEETING

The Onoway Sheep and Dog 4H Club held their regular monthly meeting last week and since they are presently learning how to train a sheep dog they

decided to ask Mr. Myles Kerr of Calahoo, who is master of the art, being a long time sheep and cattle rancher and breeder of the famed Border Collie dogs.

There are three 4H clubs active in Onoway - The Beef, Horse and this Sheep and

Dog 4H Clubs and the leaders of these met so they could also enjoy Mr. Kerr's talk, complete with a live puppy which was enjoyed by all present. Then they held their respective meeting much wiser for seeing this training first hand.

# Morinville Memos

**By Marg Bantz**  
Frontier Daze committee is currently looking for adult washroom attendants for Frontier Daze. Excellent remuneration will be given. For further information contact Allan Bantz at 939-4145 or Jean Robinson at 939-4153

Don't forget that tomorrow Thursday, May 27, the United Church Ladies will be holding their annual spring 'get-acquainted' tea and

bake sale, from 2 to 5 p.m., at the Legion Hall. For your pleasure, Mrs. Faye Middleton will be reading tea-cups and palms. Proceeds from the bake sale will be donated to the Ambulance Fund. Everyone is welcomed.

Farmer's Market is being held every Saturday from 10 a.m. till noon at the Arena. Those with any produce to sell should call Ken McKenzie at 939-3009 (home) or

939-4331 (work).

Blood Donor Clinic will be held on June 8th at 7 p.m., at the Recreation Centre. For more information call Gaby Ricard at 939-4197.

An invitation is extended to any resident of Sturgeon who would like to display their handicrafts during Frontier Daze. There will be no competitive judging nor sales. Co-ordinator of the arts and crafts and hobby displays is Mrs. Rhonda Stapleton. A home baking competition will be held in conjunction with arts and crafts. For more information call Rhonda at 939-4827.

Rifle Range is open every Wednesday at the Arena at 7:30 p.m. Any adults or youngsters that have successfully completed the Junior Firearms training program may attend.

Lions Club are selling tickets on a 'purple and gold' tractor. Proceeds go towards the ambulance for the Morinville Emergency Ambulance Service and tickets may be purchased from any Lions member.

The Central Sturgeon Agricultural Society's car is parked in front of Paul's Confectionery. Raffle tickets on this car are available from Society members and local businesses.

Frontier Daze committee has completed negotiations with the Edmonton Flea Market who will use Frontier Daze grounds on Sundays, July 4, 18, August 1, 15 and 29. Flea markets sell antiques, crafts, baking, food, etc. There is a small charge (\$25) to enter the grounds. The Flea Market's former summer grounds was at Winterburn, but the government highways has used this

area and hence the move to Morinville. We wish them every success in their endeavour.

The new multi-purpose building will be named at the next Ag. Society meeting June 2. Through the construction of this multi-purpose building, the Ag. Society has gained much expertise in the many factored areas of government rules,

regulations and procedures regarding the obtaining of government funding. So as not to let this hard-fought and valuable knowledge go to waste, the Society has composed a list of the proper procedure. Any interested groups can get a copy of this list from Mary Hittinger.

The Central Sturgeon Ag. Society is still looking for members. It costs only one

dollar and good intentions to become involved in the shaping of our community's recreation facilities. Memberships are available from Quinn Plumbing or any Ag. Society member.

Reader's co-operation in telephoning or bringing in news items is much appreciated and as early in the week as possible. Please phone 939-4145 or stop in at 9901 - 99 Avenue.

carried bouquets of pink roses and carnations and wore seed pearl chokers, a gift from the bride.

The groom and his attendants, Alan Brenneis, brother of the bride, Terry Headrick, cousin of the groom, and Todd Cassidy, a friend of the groom were handsome in light blue tuxedos with navy trousers. Ushers were Norman Palmer and Butch Chamberlain.

For her daughter's wedding, the bride's mother chose a pale green gown of crepe stitch knit with white

accessories and a corsage of yellow roses. The groom's mother wore a gown of coral polyester knit enhanced with white accessories. Her corsage was of white roses.

The three tiered wedding cake, decorated by the groom's mother, featured pink sweetheart roses and a gold cross. A reception and dance for some 400 relatives and friends was held in the Riviere Qui Barre recreation centre. Ralph Brenneis, uncle of the bride was master of ceremonies and Norman Brenneis, another uncle of the bride, proposed the toast.

The bride then proposed a toast to her grandparents, Mr. and Mrs. Cyril Borlie, who were celebrating their 53 wedding anniversary that day.

For travelling, the bride chose a two piece dress suit in shades of turquoise with white accessories and a yellow rose corsage. Dawn and Rick will be making their home in Edmonton.

# Bon Accord News

By Sadie Allen

Graduation exercises for M.E. laZerte students were held on May 15 at the Macdonald Hotel. Bon Accord students graduating were Erica Braun, Ken Brown, Shelly Brown, Philip Hornby, Dennis Kinjerski, Norman McBride, Jacqueline Morris, Marsha Rigney, Randy Rogers, Harold Schneider, Gerald Shinbine, Jane Stuart and Michael Sullivan. A number of parents from the district attended. Class valedictorian was Michael Sullivan. Foll-

owing the commencement address, the presentation of diplomas took place and diplomas were received. The evening banquet was chaired by Marsha Rigney, who was presented with a bouquet of red roses following the banquet. Two Bon Accord students, Jane Stuart and Phil Hornby, were members of the graduand council. Congratulations are extended to all the new grads.

The memorial plaque to honor pioneers of our district got underway this past week when Walter and Edna (nee

Hewitt) Mycock and Edie Bull (nee Hewitt) visited in the district. Edie and Edna arranged to have the names of their parents, Geoff and Winnie Hewitt, inscribed on the plaque which will be hung in the senior citizen building.

Western Canada Lottery tickets are now available from Golden Gem members. There are four different series to choose from this time. Is it your turn?

Feel un-streamlined? Clothes won't fit and feel horror

at the thought of a bathing suit! TOPS will put you right. The Tops Club meets every Tuesday at 7:30 in the school and everyone is welcome to join or just to visit if you're not sure what it's all about.

Congratulations to proud parents Sonia and Peter Yurchak on the birth of a son, Tim Lonnie, 8 lbs. 6 ozs. on May 2, to Karen and Joe Marchand on the birth of a daughter, Chantelle, 7 lbs. 8 ozs. on May 16.

Soccer teams are having a successful season so far with

Mini-mite Speedsters winning over Fort Saskatchewan 4-1, peewees downing Fort girls 3-1 and bantams topping Namoo 3-0 in games played on May 17. Mini-mite Blazers won over Gibbons by a 3-0 score on May 19.

Bon Accord Senior Base-

ball Club chalked up their second win of the season downing Linaria by a 13-12 score on May 19. On June 2nd Rochester will play at Bon Accord.

Senior ladies softball will host Thorild here on June 1st.

## Gibbons News

By Karen Hogg

The Agricultural Society's annual meeting will be held on May 31 at 8 p.m., in the Arena mezzanine. Many important topics will be discussed for the following skating season and if you want to be heard now is your chance. Memberships will be available and the election of

officers will also take place.

The Anglican Church will be holding a clean-up day on June 5 at 1 p.m. The church and cemetery will be cleaned and repaired. Anyone wanting to help are asked to bring a fork and a rake down to the church yard at 1:00.

Roller skating is now at the Arena. Roller skates can be

rented down at the Arena for your whole family! Anyone wanting more information are asked to contact the Arena Manager Mike Boschansky for times and prices.

Sure hope you have June 11, 12 and 13 marked on your calendar for the Gibbons Agri Fair weekend. Amateur talent is still needed. Please phone Doreen Minchaud at

998-3081 for more information. Display items are going to be plenty this year with already 20 registered. I hope the Scouts are practising for the dunk tank! The grills are ready for the pancake breakfast and so is the bingo machine ready for all bingo players. On the Saturday a hip of beef will be on a barbecue spit cooking all day for a beef supper. Beer gardens, car rallies, pet contests, honki tonk music, spot entertainments, greased pig and decorated bike contests, a parade, and lets just say I could go on forever telling you what is being offered for this Agri Fair weekend. Don't forget the tickets for the Season Eskimo tickets which are being sold by the Agricultural Society for \$1.00.

The Gibbons Ladies Fastball team must be on a real winning streak. Last Tuesday the girls won over the Fort Legion with a score of 21-11. This is their third big game in a row! On Thursday night they were to play Bon Accord who also hasn't lost a game but were disappointed as it was cancelled due to rain.

The Local Association for Brownies and Guides will be holding their last meeting on June 1st at 8 p.m. in the Legion Hut. As many mothers as possible are urged to attend this meeting.

Everything that goes up must come down, and this old granary seems to be debating whether or not it should answer to the call of its final destiny, or stand as a symbol of the many long hard years of farming that it will never see again.

## STURGEON BILLBOARD

THURSDAY, MAY 27 - French Concert held in Legal School Gym at 7:30 p.m.

MONDAY, MAY 31 - Gibbons Agricultural Society annual meeting will be held at 8 p.m. in the Arena mezzanine.

TUESDAY, JUNE 8 - Red Cross Blood Donor Clinic at Morinville Recreation Centre at 7 p.m.

SATURDAY - SUNDAY, JUNE 26 & 27 - Morinville Frontier Daze.

JUNE 11 - 13 - Village of Gibbons Agri-Fair. Fun for all!

JUNE 18 - 20 - St. Albert Rodeo Weekend.
